FROM: Rev. Margaret Johnson, Conference Superintendent

RE: Regional Ministry Centers

After much prayer, I am sending this notice out to ask all of our churches to please not gather at our Region Ministry Grounds for the rest of this month and August. With the weather being so hot – we just need to stay in a cool place and be safe.

The temps have been 100+ and the danger of people experiencing heat stroke are high.

In the fall when the temperatures cool off we could begin to use the Regional Ministry Grounds again.

I appreciate any leaders who had plans to use the Regional Ministry Grounds for any training events or meetings to re-schedule for a later date or make arrangements to use other facilities.

Please, everyone stay safe and I'll see you in the fall.
